Budding Medical Students from the University of Manchester have created a website called:

scrubbed-up.com

The website is designed to provide clarity to the medical school application process and provide the tips and advice to prospective students that we wish we knew ourselves, all in one place. We also aim to provide an insight into what life at medical school is really like.

It has been added to the list of useful websites as it offers a number of services that will be invaluable to those looking to apply to medical schools.
